## *University Mission*

Ana G. Mendez University is an accredited institution which offers a university education of excellence through the on-campus and online modalities using emerging and innovative technologies. It promotes innovation, entrepreneurship, research, as well as the appreciation and respect for diversity. It encourages integral education through an approach in competencies for the benefit of the Hispanic and international communities. Its resources support the post-secondary, undergraduate, graduate, and continuing education academic offerings, framed by the highest standards of quality.

## *Academic Regalia*

The origins of academic dress, caps, gowns, and hoods date back to the 12th century when universities were taking form. Gradually, styles were adopted which were characteristic of the individual college and the highest degree held by the wearer. In modern days, academic regalia is typically black or the color of the degree-granting institution. The hood gives color and meaning to masters and doctoral regalia. The color lining of the hood represents the institution where the highest degree was earned, and the color of the velvet trim indicates the discipline of the degree.

At AGM University, candidates at all levels wear black regalia with coordinating caps, hoods, tams, and approved academic honor cords and stoles. Faculty and staff wear regalia representing the institution and academic discipline of their highest degree. University-approved cords, stoles, medallions, and tassels may also be worn to recognize outstanding student achievements and honors.

### *University Shield*

The Ana G. Mendez University shield has a heraldic form that represents a prestigious academic institution. The chains represent the integration of all campuses in the United States. The Wi-Fi symbol represents technology and innovation in education. The open book symbolizes the development of academic knowledge. Olive branches symbolize honor. The shield with its red and black colors represent; vitality, optimism, passion and academic prestige.
